ThriveOn Announces Global Premiere **THRIVE II: This Is What It Takes** September 26, 2020

The Sequel to One of the Most Widely Viewed Documentaries of All Time

THRIVE II: This Is What It Takes creators, Foster Gamble and Kimberly Carter Gamble are premiering their much-anticipated film globally at 12:01 AM Pacific Time on September 26, 2020 exclusively at ThriveOn.com. The sequel answers "what on Earth it will take to thrive," with innovative and practical solutions in alignment with principles, not politics. The feature-length film will premiere in 15 languages.

"**THRIVE II: This Is What It Takes** demonstrates how suppressed many scientists, healers and technologies became as they challenged the status quo," said Foster Gamble. "We could not have released this documentary to a world more disenchanted with the status quo and hungry for hope, grounded in solutions."

With watch parties planned by fans around the globe, the 151-minute film will launch in the morning for European fans, in the afternoon for fans in Asia and early evening for fans in Australia.

THRIVE II: This Is What It Takes brings viewers behind the scenes with the people and innovations that have the power to transform life for everyone. It follows a journey across the globe, investigating the most promising solutions in energy, health, consciousness, and non-coercive self-organizing while unpacking the underlying science, principles, and strategies that make them possible. Inspiring trans-political, grassroots, and decentralized solutions, **THRIVE II** offers practical tools for reclaiming authority over our lives.

"We invite everyone to view the film for an insightful and powerful response to the huge challenges we are facing," said Kimberly Carter Gamble. "The **THRIVE II** trailer and movie are initially being released in 15 languages and will soon grow to at least 27, as is the case with our first movie, **THRIVE: What On Earth Will It Take?** which now has over 90 million views."

In this new era where the old systems rarely work, **THRIVE II: This Is What It Takes** offers empowering scientific and ethical principles for creating a world where everyone has the opportunity to thrive. It features prominent scientists, healers, shamans and philosophers such as Nassim Haramein, Gregg Braden, Dr. Kelly Brogan, Dr. Bruce Lipton, Dr. Robert O. Young, Dr. Galina Migalko, Dr. Beth McDougall, Maxwell Chikumbutso, Stefan Molyneux, Larken Rose, Dr. Mary Ruwart, Taito Juanito Mitra Politi and others.

In celebration of the premiere, Foster Gamble and Kimberly Carter Gamble will host a free live stream After Party on Saturday, September 26, 2020 at 1:00 PM Pacific Time. This will be hosted on ThriveOn.com, YouTube and Facebook. The virtual After Party will feature special guests from the film, live music, and exclusive updates on future offerings.

ABOUT

[ThriveOn](#) aims to educate, empower, and ignite our human potential to restore the wholeness of natural systems, aligning with the unified field and with each other to create a thriving world.
